Letter No 212, dated 6.10.1948 from the Director of Archaeology regarding filling up of the post of the Draftsman of the Department.

'Q' 1) On G.O. dated 25.9.1948, the Director of Archaeology was requested to take immediate action to have the vacancy of the Draftsman of the Dept. advertised thro' the PSC after classification and filled up.

2) The Director of Archaeology now requests (vide copy of his letter No. 213. D. 6.10.'48 to the PSC) to advertise the vacancy as a "General" one.

3) Submitted for orders. The R+PS may, perhaps, be connected.

6) Circumstances do not warrant that the vacancy should be classified and advertised as General. The Unit Officer cannot presume even before the vacancy is advertised that a Backward Community candidate may not be available. The very purpose of classifying the vacancies into Special and General is to give adequate representation to all communities in several kinds and classes of appointments in Public Service. From the recruitment

recruitment point of view a special vacancy should not be -- classified as "General" or "Open to all communities, preference being given to Backward Community candidates possessing the -- prescribed minimum qualification". In both cases there is every likelihood of a Brahmin candidate being appointed.

7) The dearth of qualified candidates belonging to Backward Communities for all kinds of appointments still continue to - exist. The minimum qualification should be lowered to the - extent practicable and the vacancies advertised for atleast 2 times at an interval of 3 months both in the Gazette as well as in some prominent news papers. Inspite of all this if no Backward Community candidate with requisite qualification is available the vacancy can either be thrown open to "All communities, preference being shown to Backward Community candidates possessing the prescribed minimum qualification or classified and advertised as General treating the next general vacancy in the same class and kind as special by way of compensation.

8) This vacancy has already been advertised as special vacancy No.597/48 and the results are watched. This fact has already been intimated to the unit officer.

9) In case there is no response from Backward Community candidates the minimum qualification may be lowered to the extent practicable and the vacancy re-advertised as "Open to all communities preference being shown to Backward Community candidates possessing the prescribed minimum qualification" both in the Gazette as well as in some prominent news papers with a view to giving wide publicity.

10) It is not desirable to advertise the vacancy without age-restrictions. In case over-aged candidates apply, their cases may be ~~considered~~ Considered on individual merits.

11) It is reported that the vacancy in question has already been advertised as Spl + its result is not yet known. The PSC suggests that in case there is no response from Backward Community Candidates, the minimum qualification for the post, may be lowered to the extent practicable & the vacancy readvertised as general, preference being shown to Backward Community Candidates possessing the prescribed minimum qualification. This suggestion of the PSC will have to be accepted from the Recruitment point of view

Sir,

I have the honour to submit that as directed in your order No.E.3178-80/Archy.7-47-2 dated 25th September 1948 conveying sanction for the appointment of Sri S.R.Iyengar, as a temporary Draftsman in this Department for a period of 6 months, I have addressed the Public Service Commissioner in Mysore, Bangalore requesting him to advertise the vacancy classifying it as a General one with no age-restrictions and offering by way of inducement even the maximum pay in the grade with a view to securing the services of the best qualified candidate who could satisfactorily function not merely in the fields of Archaeological Survey, Excavation and Conservation but also in the work of copying and restoring the old paintings at the Daria Daulat in Seringapatam and other places in the Mysore State as mentioned by me in my

2

letter No.672 dated 12th May 1948. I beg to enclose herewith a copy of my letter addressed to the Public Service Commissioner in this behalf and request you to be so good as to convey your gracious approval thereto under the circumstances mentioned therein.

GOVERNMENT OF MYSORE

No. 213 / Encl. One Statement

Department of Archæology,

Mysore, 6th October 1948

FROM

THE DIRECTOR OF ARCHÆOLOGY,
MYSORE.

To

The Public Service Commissioner for Mysore,
BANGALORE.

SIR,

Subject: Vacancy of Draftsman in this Department in grade Rs.50-5-100.

- - -

In inviting your kind reference to G.O.No.E.3178-80/Archy. 7-47-2 dated the 25th September 1948 conveying sanction for the appointment of Sri S.R.Iyengar, as temporary Draftsman in this Department on Rs.50/- for a period of 6 months and directing me to take immediate action to have the vacancy advertised through you after classification and filled within 6 months as per rules, I enclose herewith a statement in Form 'B' and request you to be so good as to advertise the vacancy in the Mysore Gazette.

Regarding the classification of the vacancy I beg to state that it may be filled up on general considerations, no preference being given to candidates of Backward Communities possessing the required qualifications. The two previous persons who held the post were candidates of the Backward Communities; but for circumstantial reasons explained below I request that the vacancy may be treated as a General one at present since the Draftsman in the Archaeological Department has not merely to function satisfactorily in all architectural and conservation work and in the field of Archaeological excavation, but also in connection with the restoration of the old paintings at the Daria Daulat in Seringapatam, at the Narasimhasvami temple in Sibi etc. Just at present there is a good deal of urgent restoration work to be done in connection with the paintings at the Daria Daulat in Seringapatam. Very recently, that is during May 1948 these paintings were inspected by me in the company of the Superintendent,

Chamarajendra Technical Institute and the Executive Engineer, Mandya Division, Mandya and we arrived at the conclusion that the damaged paintings had to be repainted early and that as an ~~experiment~~ experimental measure the work could be taken up by employing painters and by deputing competent hands from this Department and the Technical Institute. The entire work would occupy us for several years, while similar works at other places in the Mysore State would provide enough work for competent men for ~~many~~ a very long period. Since there is only one post of Draftsman in this Department, it is very desirable at this juncture to appoint a person having all round qualifications in architectural drawing, painting, survey and conservation. I, therefore, request you to be so good as to approve my proposal to treat the vacancy as a General one and to enable me to appoint the best qualified candidate for the post without imposing restrictions regarding age and offering by way of inducement even the maximum pay in the grade.

Yours faithfully,

L. Narasimhachar

Sir,

Subject: Regarding filling up of the vacancy of the Draftsman in the Department.

- - -

With reference to your letter No.E.10,175 dated 15th March 1949, I write to state that pending appointment of a candidate permanently as per rules of recruitment, one local candidate Sri S.R.Iyengar was entertained temporarily for a period of six months from 12th May 1948 (vide your order No.E.3178-80/Archy 7-47-2 dated 25th September 1948.)

Since no permanent arrangements could be made through the Public Service Commissioner, before the expiry of six months, I have requested in my letter No.249 dated 1st November 1948 to continue the services of Sri S.R.Iyengar till permanent arrangements are made.

The Public Service Commissioner in Mysore duly advertised the vacancy as a Special one and in response to his advertisement only one application was received from Sri Vishnudas Ramdas, Ramnivas, Asoka Road, Mysore. Since, however, this candidate refused to accept the post unless he was started on Rs.80/- and since further he did not also possess the required qualifications for the post, the Public Service Commissioner has again been requested in this office letter No.373 dated 28th February 1949 to re-advertise the vacancy. A copy of this letter has duly been forwarded to you with this office memo No.374 dated 28th February 1949.

I request you to be so good as to convey your gracious approval for advertising the vacancy as a General one under the circumstances mentioned in my letter No.212 dated 6th October 1949 and to permit me to continue the services of Sri S.R.Iyengar, till permanent arrangements are made as per rules of recruitment in view of the fact that no candidate of the Backward Community with adequate qualifications is available locally

Mysore, 6th August 1949.

To

The Education Secretary to the Government
of His Highness the Maharaja of Mysore,
BANGALORE.

Sir,

With reference to your letter No.E.369 dated 9th July 1949 directing me to furnish a report as to the feasibility of lowering the minimum qualifications for the post of Draftsman in this Department, I have the honour to submit as follows:

As has already been mentioned by me in my several previous letters, there is only one post of Draftsman in this Department while the work to be done by him is vast and varied embracing the several fields of activity like Conservation, Excavation, Survey, Restoration of Paintings, preparation of pen and ink drawings, elevations and ground plans of buildings, working drawings in connection with the restoration of dilapidated structures etc.,etc. I beg to invite your kind reference in this connection to my letter No.672 dated 12th May 1948 and

23

to state that in consideration of the work of the Department and of the need to get it done efficiently and in consideration of the circumstance that there is only one post of Draftsman, it is not desirable to lower the minimum qualifications for the post.

Yours faithfully,

L. Narasimhachar

Ag.Director of Archaeology.
